We are sure to carry Yavapai county. A dozen letters from the most careful and best posted men say so, and that nearly all the leading true Democrats are with us.

McCORMICK will be in Tucson next Monday.

The wretch Dooner did not dare to publish the letter of Indian Supt. Andrews, but true to his instincts, did dare to belie its contents.

#### VOTE FOR THE PEOPLE'S TICKET.

Every man, who is entitled to a vote, will cast it for McCormick and the People's ticket next Tuesday, if he be not misled and is favorable—

1st. To inviting settlers into the Territory and not trying to drive them out upon their arrival.

2d. To alluring and protecting capital within our borders for the development of our mines, the building of wagon and railways, the constructing of ditches and artesian wells for irrigation, and to generally do those things which are beyond the power of men of moderate means to accomplish.

3d. To a system of legislation that will aid the poor to acquire wealth, and not punish them for gaining it.

4th. To an obedience to law and the decisions of the courts while in force.

5th. To a just administration of our local affairs, and a true, broad, energetic and intelligent representation of our wants in Washington, and the merits of Arizona throughout our own country and foreign nations.

#### Going and Soon Gone.

J. B. McKinnic, of Phenix, writes a gentleman here as follows:

"I saw a letter Mowry gave a man by the name of Boyd to Dooner, recommending him to move the printing office down to this valley. He (Mowry) stated in the letter, that they were 'done for in Tucson'."

Bets. Any amount of money is ready and awaiting takers at Zeekendorf's, Toole's and other places, that Brady will be defeated, Dooner's lies to the contrary notwithstanding.

JOHN WASSON will to-day execute his bond as Surveyor General. Only received by last mail.

In his last gasp, Dooner slanders the heavy and respectable firms of Tully, Ochoa & DeLong, Lord & Williams, and E. N. Fish & Co.

THE would-be robbers who stated that they stole 300 papers and a package of letters out of a private express bag last Saturday, failed to commit that crime.

J. W. DAVIS has retired from the Stage Company from here eastward, and J. B. Bennett & Co. are the new proprietors.

MERCHANTS are referred to the advertisement of McDonald & Co., San Diego. They are responsible, and offer rare inducements to shippers and business men to transact business through their house.

#### One of Brady's Strikers.

Some eight years ago, one Van Alstine killed Francisco Bildeuca at Tubac, since which the said Alstine has thought it best to reside in Mexico, and has done so. Within a few days he has turned up in Tucson, and on Wednesday night last declared that he was here in Brady's interest; that said Brady had written him three letters to come up and work for his election, and that he obeyed the summons, and intended to vote for Brady. Here is fraud proclaimed in advance. This man is not a voter. He's a sample of Brady's persistent workers—a man who left his country for his own safety.

Voters, think of the character of the Brady leaders, and how unsafe it is to believe a word they say, or to be guided by their direction.

#### Don't Be Deceived.

The Brady-Mowry-Duffield-Dooner-Our party rely upon carrying the election by falsehood and deceit, and to this end they are now circulating all manner of lies. The safe, and only safe, rule for voters is to believe nothing they say or report having reference to the election. There is no truth bearing upon the canvass but that which is to McCormick's credit. Voters, bear this constantly in mind.

#### The Pima Indian Reservation--The Libel on McCormick Officially Refuted.

Office Supt. Indian Affairs, A. T., Arizona City, October 31, 1870.

Editor of Citizen. Sir:—So much space in the Tucson papers has recently been devoted to the subject of the recent survey for an extension of the Pima and Maricopa reservation, and the articles appear to be conceived in such a spirit, I feel constrained to so far overcome my reluctance to appear in print, as to request you to publish the following in your next issue, as a matter of justice to myself, as well as to one with whom I can hardly claim even a casual acquaintance.

The original survey was made in 1859, under the direction of Special Agent Sylvester Mowry, in accordance with the provisions of an act of congress, approved February 28, 1859, and embraced within its boundaries the old overland mail stations of Pima villages and Sacaton.

Reference to the report of Agent Mowry, as embodied in the report of the Commissioner of Indian Affairs for 1859, pages 358 and 359 will show unmistakably where the idea of an extension originated.

June 15, 1866, Superintendent Geo. W. Leihy was instructed by the then commissioner of Indian Affairs to report such extension of the original survey as he might deem necessary to afford these Indians an ample reservation.

The result of Superintendent Leihy's action was widely announced in his notice dated Maricopa Wells, November 8, 1866.

Since that time, Superintendents, Agents, and several disinterested persons have urged, not only the justice of this extension, but the necessity thereof.

In August, 1869, I was instructed to make the survey, and was referred to the Notice of Superintendent Leihy for information. I visited and examined the country, and the new lines were run under my orders, and being alone responsible for their direction, I am unwilling that any attempt should be made to place that responsibility upon anyone else, even if such an attempt was free from the absurdity of charging it upon one who is opposed to the extension, as I am satisfied is the fact in Mr. McCormick's case.

A copy of this communication will be addressed to the other paper published in Tucson, with a request to publish it in their issue of Nov. 5th.

Trusting you will do me the favor of complying with my request, I remain, Very respectfully, yours,

Geo. L. ANDREWS,  
 Lieut. Col. U. S. A., Supt.

By the latest accounts, there were only four votes in Arizona city for Brady. Nauseous dose is misery & B.

#### WHAT McCORMICK HAS DONE FOR ARIZONA, IN AND OUT OF CONGRESS.

He has promptly and quite successfully attended to the personal commands of his constituents throughout the entire Territory, without respect to party or section.

He in like manner kept his constituents constantly supplied with public documents.

He obtained by law the establishment of twelve new postal routes, and secured service on several.

He secured several new post offices, three postal order offices, and a U. S. Depository, objects which were only obtained after great and persistent labor.

He secured an advance of from \$2,500 to \$3,000 on the judges' salaries—a very just act.

He obtained the passage of an Act confirming the apportionment, and legalizing any defects that were supposed to exist in the Territorial Statutes, and thereby saved the Territory from legal anarchy and financial ruin.

He procured the passage of an Act enlarging the jurisdiction of justices of the peace from \$100 to \$300, thereby speedily and cheaply bringing justice to the door of every person in Arizona.

He has constantly protested against the extension of the Pima and Maricopa reservation, and so far with success.

He has induced government to divert transportation of government freight from the Guaymas and Sonora to the Yuma and Gila route, thereby largely increasing the business of Arizona, especially that of farmers, teamsters, merchants, and station keepers.

He has secured the establishment of a separate surveying district in Arizona, the doubling of the appropriation for surveys, and the appointment of Surveyor General, Receiver and Register.

He obtained from congress \$2,500 to increase our Territorial library.

He largely contributed, by constant and continued effort, to the creation of the Military Department of Arizona.

By his determined persistence, he secured a \$5,000 appropriation for geological surveys in Arizona, and the sending of an experienced geologist, Prof. A. Eilers, to report upon our mineral wealth, a report that will be of incalculable benefit to the Territory.

He has zealously labored to get appropriations for wagon roads, and legislation that would secure an early completion of the Southern Pacific Railroad through Arizona.

Besides taking part in many debates, he has delivered three able and elaborate speeches in behalf of protection to our settlers, and for public land and mineral surveys, and in each he set forth the great natural merits of the Territory, and at his own expense, scattered them far and wide throughout the nation.

Through the medium of public journals and pamphlets, he has done more than any man in Arizona to disabuse the public mind regarding the too prevalent belief that Arizona is a desert waste in the main.

He has expended all his time and money since 1863, to advance the interests of, and improve Arizona, and is one of the largest tax payers in it.

For over seven years, he has devoted his time, money, great ability and energy for Arizona, and therefore scores upon scores of his beneficial acts must be unnoticed for the want of space.

Every one of the five Legislatures which has assembled in Arizona, has endorsed him in the highest and most thorough manner, and never has he been charged by any respectable man or body of men, with having debased himself as an officer or man by any official deed. Not any public man ever made a fairer or more upright record than McCormick. His future one will be as good as his past.
